Dear Colin,

I would like to thank you for the electrical work you carried out at my home recently.

It is very reassuring to know that there are still professional tradesmen who take pride in their work and want to do a good job for their customers; you most definitely belong to this small group.

Your attention to detail, adherence to timed schedules and jovial personality would normally come at a premium but your pricing was most competitive and the overall package couldn't be faulted.

I would unreservedly recommend you and your work to any potential clients and wouldn't hesitate to use your services in the future.

Many thanks,

Yours Sincerely
